

BASE MOUNT TRAYS

676 • 678

The
Easy-to-Add
Media
Solution

Simple and sleek, our 676 and 678 Trays roll out smoothly and travel easily to a more convenient browsing location.

BASE MOUNT TRAYS

676 • 678

PATENTED INNOVATION

Backstop snaps up and stays vertical for the best retail presentation.

Crowned surfaces make it easy to "Flip" through any collection to see the covers.

Flipworks® branding. Get credit for including the very best.

Front support stays up with light spring force.

Tri-tone color combination (Shown in standard "Black with Bronze").

Self-locating base ensures proper clearance between trays.

Acetal rollers spin on steel shafts, providing smooth travel for the life of your furniture.

Foam cushions provide for a "Soft Close".

US Patent Number 6,332,546
Canadian Patent Number 2,331,971

The Easy-to-Add Media Solution

- Provides "Flip" access to all popular forms of media stored vertically.
- Freedom from sharp metal slides and side blocks.
- Simple installation on any flat surface with just 4 screws...even onto adjustable shelves.

Just try a few in your furniture samples

Trays look great even when pulled out or removed
